## REPORT FOR 1898.

---

**S**INCE their last Annual Report, the following remarks on the School have been made by H.M. Inspector, which the Committee have now pleasure in submitting, together with their Report of the past year, to the friends of the Asylum :—

The proportion of pupils, he states, under 16 years of age, is steadily increasing. The number now exceeds the capacity of the staff, and steps are wisely being taken to strengthen it, and thereby to provide also for better supervision out of school hours. The Teachers have worked hard, and in the ordinary subjects there is a good deal of intelligence and accuracy.

Since the foregoing was written, the new Lady Superintendent (Miss Greenhough Smith)—referred to in the last Report—entered upon her duties, and while the events in the early part of the year were somewhat tinged by causes which made a change necessary, the improved state of order, contentment, and comfort which now appears to exist in the Asylum is a great source of satisfaction to the Managers.

The appointment also of a Resident School Master contributes largely to this result. Mr. G. H. Raison, of the Blind Institution, Birmingham,

was selected for the important post, a selection which it is hoped secures to this Institution much valuable experience, as well as an influence which the Committee trust may continue to bear good fruit.

To provide the necessary accommodation for this additional resident, two new rooms had to be added to the building, the cost of which makes a considerable item in the accounts.

Of the 50 pupils now below 16 years of age, he has under his special tuition 18 boys, besides the general supervision of the older ones. The School has been completely modernised with new furniture, books, and models for object-lessons. Drilling is a special feature in his methods, for which suitable appliances have been provided.

Thirteen pupils are under the charge of Miss Stephens, Senior Governess, who gives great satisfaction to the Committee, and 19 are under Miss Huff, Kindergarten Instructor, who is also devoted to her duties.

Much good work is being done in the Night School with pupils over the school age of 16, of whom there are 19—12 males, 7 females—under efficient certificated Teachers.

Six children were admitted during the year, and five adults left—one of these has since returned to employment as an out-worker.

There are three in-door pupils in receipt of wages for filling useful positions in the Asylum—one as Organist of the Chapel and two female Assistant Teachers.

Few of the systems tried to enable the blind to contribute to their self-support are better adapted to the great majority of them than the occupations taught in this Asylum, and which have been carried on with more or less success for the past 100 years. The Committee desire to keep up its best traditions, while carefully observing the success of other methods being tried elsewhere, with a view to their introduction whenever feasible.

The Committee point out the need at the present time for more space to extend their work—to enable them to give immediate and constant employment on the premises to pupils who may be qualified, instead of having to send them forth into the world with uncertain prospects before them.

Progress has been made in the Musical Department, under Mr. Cockram, Musical Director. The musical portion of the Chapel Services have been well rendered by the Choir, the organ being played by a blind male pupil.

The quarterly Concerts continue to be most attractive, and the pupils, under Miss D. Blinkhorn, progress favourably.

The general financial result of the year's work has been fairly satisfactory, but as the old Subscribers fall off it is very desirable that others should take their places.

The trade returns have been considerably above the average. Although these yield no nett profit, still all orders are much valued, as they enable the Committee to give constant employment to the pupils and outworkers.

The Committee, in conclusion, again desire to thank all those who have in any way assisted them during the year, and invite all who may feel an interest in it to visit the Asylum and judge for themselves of its claim upon their sympathy and the support of the public.

## CHAPLAIN'S REPORT.

---

So far as I can judge, there has been, during the last year, a very decided improvement in the moral tone and bearing of the pupils of the Blind Asylum.

Their behaviour in my presence has been all I could desire.

WM. J. POLLOCK, CHAPLAIN.

---

## MUSICAL DIRECTOR'S REPORT.

---

I again have pleasure in stating that the progress made by the music pupils is satisfactory.

The Concerts have been very well attended, and the Press notices excellent.

E. PURCELL COCKRAM.

## MEDICAL OFFICER'S REPORT FOR 1898.

---

The general condition of the pupils has been most satisfactory.

It has been necessary to transfer a few cases to the Bristol Royal Infirmary for operative procedures.

## RULES TO BE OBSERVED BY ALL APPLICANTS FOR ADMISSION.

1. That they are required to come decently clothed, and with change of clothes according to the List annexed.

2. That if the applicant, after admission, is found to be deficient in intellect, afflicted with fits, or with any disorder prejudicial to the Pupils of the Asylum, such person will be *immediately* returned to Parish or Friends.

5. The Pupils are usually allowed One Month's Holiday in the Summer, and Two Weeks' Holiday at Christmas; but such Holidays, together with the times of their commencement and termination, are entirely at the option of the Committee.
